## GLUCKSTEINHOME

“Feel the thrill of loving the space around you.

As designer and founder of GlucksteinHome, I hope to ignite your imagination and provide a starting point for you to expand the possibilities of your home’s design.

While designing the interiors of homes around the world, I realized that everyone should live in an environment that reflects their desires and lifestyle. For this reason, GlucksteinHome was created with a collection approach that aids the individual in designing their intimate spaces.

Over the past year, my travels though Europe have inspired me to create these luxurious solid programs – Prestige and Bespoke with thoughtful details. Beautiful colours and sumptuous feeling sheets are the hallmarks for these collections.

Refreshing the linens in your home is the perfect way to fall back in love with your bedroom. Partner your bedding with the suggested Benjamin Moore paints for a complete room makeover.”

“Add luxury and elegance to your bedroom with the Prestige Collection. With refined pleating detail punctuated by thoughtfully selected colours, the Prestige Collection features extra deep pockets in the fitted sheet and a coordinating quilt. The sheet set boasts a 700 thread count and is made of 100% cotton sateen, a weave that produces an exceptionally soft feel & beautiful finish.”

Steven and Chris found inspiration in their travels for this collection. They wanted to combine new colour directions and neutrals for a rich new look. The Asian vine motif featured on the Akira bed is enhanced by the soft taupe textured background. The deep blackened wine is a rich alternative to dark brown.

Steven and Chris found inspiration for this pattern in a soft chiffon floral skirt. The layers of colour and texture of the sheer fabric are reflected in the floral pattern and sheer details of this bed. Soft textures create an interesting backdrop to the blooms. The soft shades of linen and sage greens provide a great compliment to any decor. The quilted taupe coverlet finishes off the soft layered look of Plumeria.

*Exclusively at Home Outfitters*

“Designed for who you are and how you live – today and always! Steven and Chris have applied their design energy and renowned creative talent into the creation of exciting bed, bath and window collections. They travel the world in search of design direction for the collections. From the runways to exotic locales, they are constantly finding inspiration in apparel. Steven and Chris take the fine details of fashion and integrate them into unique casual textile collections.”

– Steven & Chris

The watercolour blooms of the Floral Reflections bed are layered in rich shades of plum, violet and greens. Misty and soft the microsuede texture of the duvet and shams is perfectly textured and light. The deep bold plums and greens in the stripes of the reverse are a striking contrast to the misty floral. The bed is finished off nicely with a 100% cotton, 300 thread count sateen sheet that features a fresh green stitch detail on the cuff.

WAMSUTTA

Rich, saturated blues and bold pattern are the features of the Mandala collection. The energy and movement of the medallion pattern are offset by the classic tonal stripe on the duvet. This completely reversible bed offers the option of being bold or classic depending on your mood. The movement continues into the 100% cotton, 300 thread count sateen sheet that features a circular embroidery pattern on the cuff.

The Wamsutta fashion offering for 2010 is a collection that features fresh new designs and colours. The looks are daring but not risky, colourful but not loud and the graphic effects are fresh and innovative. The collection offers a broad range of current styling to satisfy many looks whether it is warm or cool, soft and feminine or linear and crisp.
