BENJAMIN MOORE WATERBORNE CEILING PAINT 508 by Benjamin Moore & Co.

HPD UNIQUE IDENTIFIER: 28374

CLASSIFICATION: 09 90 00 Painting and Coating

PRODUCT DESCRIPTION: A premium quality, acrylic coating especially formulated for ceilings.

Section 1: Summary

Basic Method / Product Threshold

CONTENT INVENTORY

- Inventory Reporting Format
- O Nested Materials Method
- Basic Method
- Threshold Disclosed Per
- C Material
- O Product

Threshold Level © 100 ppm © 1,000 ppm © Per GHS SDS © Other Residuals/Impurities © Considered © Partially Considered © Not Considered

Explanation(s) provided for Residuals/Impurities? • Yes O No

 All Substances Above the Threshold Indicated Are:

 Characterized
 O Yes Ex/SC O Yes O No

 % weight and role provided for all substances.

 Screened
 O Yes Ex/SC O Yes O No

 All substances screened using Priority Hazard Lists with results disclosed.

 Identified
 O Yes Ex/SC O Yes O No

 All substances disclosed by Name (Specific or Generic) and Identifier.

CONTENT IN DESCENDING ORDER OF QUANTITY

Summary of product contents and results from screening individual chemical substances against HPD Priority Hazard Lists and the GreenScreen for Safer Chemicals®. The HPD does not assess whether using or handling this product will expose individuals to its chemical substances or any health risk. Refer to Section 2 for further details.

PREPARER: Self-Prepared VERIFIER: VERIFICATION #: SCREENING DATE: 2022-04-26 PUBLISHED DATE: 2022-04-26 EXPIRY DATE: 2025-04-26 This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.2, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-2-standard

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
