## NATURA®
PREMIUM INTERIOR PRIMER
511

### Features
- Zero VOC
- Quick drying
- Low odor
- Spatter-resistant
- Excellent hide

### General Description
A low odor, zero VOC, 100% acrylic interior latex primer sealer. With spatter resistant properties. Ideally suited for residential applications and is Certified asthma & allergy friendly®. Always use Natura® Premium Interior Primer (511) as a first coat when a low-odor, zero VOC primer/finish system is required.

### Limitations
- Do not paint when temperature of air and surface is below 50 °F (10 °C)

### Recommended For
Priming and sealing new or previously painted drywall, composition board, wood, concrete, plaster, and other porous surfaces when a low odor, zero VOC primer/finish system is desired.

### Certifications & Qualifications:
VOC compliant in all regulated areas
Zero VOC
Zero Emissions
Class A (0-25) over non-combustible surfaces when tested in accordance with ASTM E-84
Master Painters Institute MPI # 50, 50 X-Green™, 149, 149 X-Green™

### Recommended Film Thickness
- Wet: 4.0 mils
- Dry: 1.2 mils

### Technical Assistance
Available through your local authorized independent Benjamin Moore retailer. For the location of the retailer nearest you, call 1-866-708-9180 or visit www.benjaminmoore.com

---

1Reported VOC values are for all bases/colors.
Non-Ferrous Metal (galvanized & aluminum):
All new metal surfaces must be thoroughly cleaned with Corotech® Oil & Grease Emulsifier (V600) to remove contaminants. New shiny non-ferrous metal surfaces that will be subject to abrasion should be dulled with very fine sandpaper or a synthetic steel wool pad to promote adhesion.
Primer: Ultra Spec® HP Acrylic Metal Primer (HP04) or Natura® Premium Interior Primer (511)
Finish: 1 or 2 coats of the Natura® Premium Interior finish of your choice

Repaint, All Substrates: Prime bare areas with the primer recommended for the substrate above.

Application
Stir thoroughly before and during use. Apply one or two coats. For best results, use a premium Benjamin Moore® custom-blended nylon/polyester brush, premium Benjamin Moore® roller, or a similar product. Apply paint generously from unpainted area into wet area.
Ensure fresh air entry during application and drying
This product can also be sprayed. See Chart below:

Thinning/Clean up

| Conditioning with Benjamin Moore® 518 Extender may be necessary under certain conditions to adjust open time or spray characteristics. The chart below is for general guidance |
|---|---|
| Mild conditions | Severe Conditions |
| Humid (RH< 50%) with dry, direct sunlight & windy conditions | Dry (RH>50%), in direct sunlight, or windy conditions |
| Brush: Nylon / Polyester Premium Quality | Add 518 Extender or water: |
| Spray: Airless Pressure: 1500 - 2500 psi | No thinning necessary |
| Tip: 0.013 - 0.017 | Max of 8 fl. oz. to a gallon of paint |
| | Never add other paints or solvents. |

Clean up: Wash painting tools in warm soapy water immediately after use. Spray equipment should be given a final rinse with mineral spirits to prevent rusting.

USE COMPLETELY OR DISPOSE OF PROPERLY: Dry, empty containers may be recycled in a can recycling program. Local disposal requirements vary; consult your sanitation department or state-designated environment-mental agency on disposal options.

Environmental Health & Safety Information
Use only with adequate ventilation. Ensure fresh air entry during application and drying. Do not breathe spray mist or sanding dust. Avoid exposure to dust and spray mist by wearing a NIOSH approved respirator during application, sanding and clean up. Follow respirator manufacturer’s directions for respirator use. Avoid contact with eyes and prolonged or repeated contact with skin. Close container after each use. Wash thoroughly after handling.

WARNING! Cancer and Reproductive Harm– www.P65warnings.ca.gov

FIRST AID: In case of eye contact, flush immediately with plenty of water for at least 15 minutes; for skin, wash thoroughly with soap and water. If symptoms persist, seek medical attention. If you experience difficulty breathing, leave the area to obtain fresh air. If continued difficulty is experienced, get medical attention immediately.

IN CASE OF SPILL – Absorb with inert material and dispose of as specified under “Clean Up”.

KEEP OUT OF REACH OF CHILDREN.
PROTECT FROM FREEZING

Refer to Safety Data Sheet for additional health and safety information.
