

DEGREASER FLOOR CLEANER 1YB.311

Features

- Degreaser
- 11 : 1 Reduction
- Deep Cleaning
- May Use Over Oil Or Water Based Finishes

General Description

Lenmar® Degreaser Floor Cleaner is the first part of a two-step floor cleaning process designed to prepare the floor for the Lenmar® Fusion Bonding Agent. Degreaser Floor Cleaner is a powerful cleaner formulated to remove oil, dirt and stubborn floor residue. This degreasing and deep cleaning process is vital to obtaining good adhesion with the Fusion Bonding Agent and should never be skipped.

Recommended For

Residential Refinish, Commercial Applications, and Gymnasiums/Sports Courts.

Limitations

- Do not pour Degreaser Floor Cleaner directly on any wood floor. Pouring any liquid directly on a hardwood floor may damage the wood fiber and degrade the finish.
- Do not use this product on any wax-finished floor.

Product Information

Product Information		Technical Data	Degreaser Floor Cleaner
Colors — Standard: N/A		Vehicle Type	N/A
— Tint Bases: N/A		Pigment Type	N/A
— Special Colors: N/A		Weight Solids	20%
Certifications & Qualifications: VOC compliant in all regulated areas		Volume Solids	14% – 15%
The product supported by this data sheet contains a maximum of 157 grams per liter VOC /VOS (1.3 lbs/gal.) excluding water & exempt solvents.		Coverage per Gallon at Recommended Film Thickness	1000 – 2000 Sq. Ft.
		Recommended Film Thickness	– Wet N/A – Dry N/A
		Depending on surface texture and porosity.	
		High humidity and cool temperatures will result in longer dry, recoat and service times.	
		Dries By	N/A
		Viscosity	N/A
		Flash Point	>200 °F
		Gloss / Sheen	N/A
		Surface Temperature at Application	– Min. 68 °F – Max. 90 °F
		Thin With	Water - Do Not Use Without Reducing! See Application Section
		Clean Up Thinner	Water
		Weight Per Gallon	8.9 – 9.0 lbs
		Storage Temperature	– Min. 50 °F – Max. 90 °F
Technical Assistance: Available through your local authorized independent Lenmar dealer. For the location of the dealer nearest you, call 1-866-708-9180 or visit www.lenmar-coatings.com		Volatile Organic Compounds (VOC)	
		157 Grams/Liter	1.3 Lbs./Gallon

Degreaser Floor Clean 1YB.311

Surface Preparation

Preparation: Floor must be cleaned thoroughly. Remove all surface debris, such as caked on mud and chewing gum. Sweep and vacuum the floor, paying special attention to corners. Cleaning may have to be done more than once to achieve a completely clean surface. Allow floor to dry completely. Check floor for streaks or residue, and if present clean a second time.

WARNING! If you scrape, sand, or remove old paint, you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SERIOUS ILLNESS, SUCH AS BRAIN DAMAGE, ESPECIALLY IN CHILDREN. PREGNANT WOMEN SHOULD ALSO AVOID EXPOSURE. Wear a NIOSH approved respirator to control lead exposure. Clean up carefully with a HEPA vacuum and a wet mop. Before you start, find out how to protect yourself and your family by contacting the National Lead Informational Hotline at 1-800-424-LEAD or log on to www.epa.gov/lead.

Application

Dilution: Dilute Lenmar® Degreaser Floor Cleaner at least 11 parts water to 1 part 1YB.311 (This product should not be used without reduction -- damage to the existing floor coating could occur if used full strength.) Once diluted, coverage should be approximately 1000-2000 square feet per gallon.

Directions for Use: Method 1 - Using a string mop, wet the mop and wring it out. Mop the floor, paying special attention to corners and other problem areas. Resoak and wring the mop out frequently. Continue until the entire floor has been cleaned. Rinse the floor by damp mopping with a clean mop, or tacking with damp towels. Rinse the floor until the rinse water is clean. Again, pay special attention to corners, insuring they are both clean and rinsed.

Method 2 - Soak several clean towels in the Degreaser Floor Cleaner solution; wringing out till just damp. Wrap the towels around a push broom to mop the floor. Refold the towels periodically to keep a clean surface against the floor. Pay special attention to corners. Rinse towels as needed, wringing dry each time, and repeat the process until the entire floor has been cleaned. Rinse the floor with water as in Method 1 above. For both methods, use a nylon pad or sponge dampened with the Degreaser Floor Cleaner for stubborn dirt, shoe and surface marks. Rinse all surfaces clean.

Final Rinse: Clean the floor one additional time with Lenmar® Floor Cleaner 1YB.321, using similar techniques to those described above. Do not combine the Lenmar® Degreaser Floor Cleaner with the Floor Cleaner 1YB.321. These two chemical cleaners are not designed to function together, and these steps cannot be combined.

Auto-Scrubber: If using an auto-scrubber, keep dilution rate the same. Use a white, red, brown, or black pad. Insure water and waste not picked up by the machine is immediately removed from the floor surface. Pay special attention to the corners. Flush tank with water, and clean the floor with a clean water rinse. Then, flush again, and use the Lenmar® Floor Cleaner 1YB.321 for the final cleaning. Keep procedures the same throughout.

Clean up

Cleanup with water.

USE COMPLETELY OR DISPOSE OF PROPERLY. **Local disposal requirements vary; consult your sanitation department or state-designated environmental agency on disposal options.**

Environmental Health & Safety Information

WARNING!

CAUSES SERIOUS EYE DAMAGE

CAUSES SKIN IRRITATION

Contains: Diethylene glycol monobutyl ether, Sodium tripolyphosphate, Anionic surfactant
CAUSES SERIOUS EYE DAMAGE. CAUSES SKIN IRRITATION. MAY CAUSE ALLERGIC SKIN REACTION.

Use only with adequate ventilation. Do not breathe vapors or sanding dust. Ensure fresh air entry during application and drying. Avoid contact with eyes, skin and clothing. May cause allergic skin reaction. Close container after each use. Wash thoroughly after handling.

WARNING Cancer and Reproductive Harm—
www.P65warnings.ca.gov

FIRST AID: In case of eye contact, flush immediately with plenty of water for at least 15 minutes. Get medical attention immediately. In case of skin contact, immediately flush skin with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Get medical attention if irritation persists. In case of ingestion, DO NOT INDUCE VOMITTING, get medical attention immediately. If affected by inhalation of vapors or sanding dust, remove to fresh air.

IN CASE OF SPILL: Absorb with inert material and dispose of in accordance with applicable regulations.

**KEEP OUT OF REACH OF CHILDREN
PROTECT FROM FREEZING**

**READ ALL DIRECTIONS BEFORE USE.
UNDERSTAND ALL DANGERS WITH THIS
PRODUCT PRIOR TO USE.**

**Refer to Safety Data Sheet for
additional health and safety information.**
