HEAVY DUTY DEGREASER
CL-0100

Features
- Concentrated and must be mixed with water
- Biodegradable

General Description
INSLEX® Heavy Duty Degreaser is a concentrated cleaner that is designed to permeate into voids, cracks, and crevices, converting any oil, grease, and animal by-products into a soapy solution which floats up and out of a surface during the rinsing process.

Recommended For
Cleaning floors, walls, equipment, concrete, asphalt, vinyl, metal, plastic, fiberglass, tools, brushes, rollers, and spray equipment.

Limitations
NA

Product Information
Certification & Qualifications:
VOC compliant in all regulated areas

The product supported by this data sheet is not regulated by coating VOC rules.
Suitable for use in USDA inspected facilities

Environmental Health & Safety Information
WARNING!
CAUSES SERIOUS EYE DAMAGE
CAUSES SKIN IRRITATION
Contains: Sodium tripolyphosphate, Diethylene glycol monobutyl ether, Methenamine 3-chloroallylochloride

CAUSES SERIOUS EYE DAMAGE. CAUSES SKIN IRRITATION. MAY CAUSE ALLERGIC SKIN REACTION.

Use only with adequate ventilation. Do not breathe vapors or sanding dust. Ensure fresh air entry during application and drying. Avoid contact with eyes, skin and clothing. May cause allergic skin reaction. Close container after each use. Wash thoroughly after handling.

WARNING: Cancer and Reproductive Harm– www.P65warnings.ca.gov

FIRST AID: In case of eye contact, flush immediately with plenty of water for at least 15 minutes. Get medical attention immediately. In case of skin contact, immediately flush skin with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Get medical attention if irritation persists. In case of ingestion, DO NOT INDUCE VOMITTING, get medical attention immediately. If affected by inhalation of vapors or sanding dust, remove to fresh air.

IN CASE OF SPILL: Absorb with inert material and dispose of in accordance with applicable regulations.

USE COMPLETELY OR DISPOSE OF PROPERLY. Local disposal requirements vary; consult your sanitation department or state-designated environmental agency on disposal options.

WARNING! If you scrape, sand, or remove old paint, you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SERIOUS ILLNESS, SUCH AS BRAIN DAMAGE, ESPECIALLY IN CHILDREN. PREGNANT WOMEN SHOULD ALSO AVOID EXPOSURE. Wear a NIOSH approved respirator to control lead exposure. Clean up carefully with a HEPA vacuum and a wet mop. Before you start, find out how to protect yourself and your family by contacting the National Lead Information Hotline at 1-800-424-LEAD or log on to www.epa.gov/lead.

- Max 95 °F (35 °C)

**Volatile Organic Compounds (VOC)**
495 g/L 4.13 Lbs./Gallon
Diluted (11:1) - 157 g/L

DILUTION AND APPLICATION

Shake well before using.

To remove heavy deposits of oil, grease, blood, or fats, use a solution of 1 part INSL-X® Heavy Duty Degreaser mixed with 11 parts water.

For light deposits of oil, grease, blood, fats, or wax, apply a solution of 1 part INSL-X® Heavy Duty Degreaser mixed with 15 parts water.

Pour the water and degreaser mixture onto the surface to be cleaned. Allow this solution to work for 15 to 30 minutes, then thoroughly scrub the surface with a power floor scrubber or with a stiff bristle brush until surface is clean. Rinse thoroughly with clean water or pick up residue with a wet/dry vacuum. Repeat this process for stubborn areas or until surface is clean. Allow to dry thoroughly before coating.

Mixing with hot water will increase the product’s effectiveness.
